

Why the AirQueen Breeze Mask ?

- Excellent level of protection (FFP2) against COVID 19
- CE - FDA - HALAL certified
- Easy to breath while wearing it
- Very light and thin
- Covering the nose and the chin
- Ergonomic design
- Made in South Korea
- Individually packed
- Recommended by experts
- Comfortable to wear even when wearing glasses
- Can be kept for many hours without losing efficiency
- Ideal for a long distance flight or to commute in public transports
- Each mask is coming with a “ring” allowing you to attach the two loops of the mask in the back of your head so that you do not need your ears to wear the mask
- Protecting you and people around you
